

Non Woven Ultrasonic Welding Machine

KP-10

Characteristics

it is use full to weld different size of loop handle on non woven bags.

it is also use full to make D-punch in non woven bags.

Main Technical Parameters

Power	Frequency (KHz)	Mould Width	Working Speed	Air Press	Dimension (in mm)	Welding Area	Weight
220 V	18KHz	10-25mm/10-25/10-100	0-40 Times/Min.	1-7 Bar	1200*600*1200mm	Ø50mm/200x25mm/Ø100mm	80Kg.*
